

TALISMAN TALISMAN TALISMAN

1977

TO OUR CLASSMATES:

For the past several months, the staff of the 1977 edition of the *Talisman* has worked hard to put together a living history of our four years as students at Rutland High School. Much hard work and conscientious effort has gone into its production. We believe it will be a memorable part of your years as RHS students. Many changes have taken place in our lives since we entered high school; you got your license, the first big date, the pep rallies, the tons of home work, parties, sports contests, and the many other activities have been preserved in this "77" edition. As we approach the end of our formal high school education, we can look back with fond memories of four happy and eventful years. May we take this opportunity to offer each of you sincere and best wishes for a happy and prosperous future. Hopefully, our paths will cross again.

Congratulations to the Members of the Class of 1977

During your years at Rutland Senior High School, you have participated in a variety of activities - both academic and non-academic. We trust that the academic programs you pursued have prepared you well for your next endeavor, whether that is post-secondary education or employment.

Life is a series of educational experiences. Formal education ends sooner or later, but we continue to learn and gain knowledge each day of our lives.

In addition to the educational programs you completed many of you were able to participate in extra-curricular activities. I am sure you gained a great deal from these experiences and will look back on them with fond memories.

To each and every member of the Class of 1977, I want to extend my personal congratulations and wish you success and good fortune in your future undertakings.

Sincerely,

William H. Timbers
Principal

Don't Tell Me To SHUT MY TRAP

Winter Carnival

A SMILE costs nothing, but gives much. It enriches those who receive, without making poorer those who give. It takes but a moment, but the memory of it sometimes lasts forever. None is so rich or mighty that he can get along without it, and none is so poor but that he can be made rich by it. A smile creates happiness in the home, fosters good will in business, and is the countersign of friendship. It brings rest to the weary, cheer to the discouraged, sunshine to the sad, and it is nature's best antidote for trouble. Yet it cannot be bought, begged, borrowed, or stolen, for it is something that is of no value to anyone until it is given away. Some people are too tired to give you a smile. Give them one of yours, as none needs a smile so much as he who has no more to give.
